

FOR IMMEDIATE RELEASE

SeQent Announces A Reseller Agreement With EDS

London, ON – May, 2008 – SeQent, the leading provider of innovative real-time condition monitoring, dispatch, and visualization solutions has signed a reseller agreement with EDS. Under the agreement, EDS will become a licensed distributor of SeQent’s Marquee Manager software product.

Under the terms of the Master Software License Agreement (MSLA) with EDS, a General Motors (GM) plant can purchase the Marquee Manager product through EDS. Marquee Manager is the GM corporate standard deployed as part of Global Production Monitoring & Controls (GPM&C). GM or EDS third party partners can also purchase Marquee Manager under the terms and conditions specified in the agreement.

According to Scott Burns, founder and CTO of SeQent, “The reseller agreement is a big win for SeQent. Not only have we extended our longstanding relationship with GM to include EDS, GM’s technology outsourcing provider, but we can now start targeting other EDS customers. It is significant for a company our size to have strategic relationship with a company the size of EDS”.

About SeQent:

SeQent is a leading provider of real-time automated condition monitoring, dispatch, and visual display management solutions that accelerate decision making, improves productivity and quality - while increasing plant floor visibility.
